OFFICIAL

Response to Restriction Requirement

Sir:

The USPTO sent a restriction requirement mailed October 6, 2003. Applicants attach hereto a Preliminary Amendment filed December 13, 2001, which cancels all of the claims except claim 31. Accordingly, this pertains to group IV as set forth in the restriction requirement. Accordingly, Applicants assert that the restriction requirement is moot in view of this Preliminary Amendment.

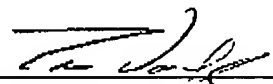

If you should have any questions, please feel free to contact the undersigned attorney at your convenience.

Respectfully submitted,

I hereby certify this correspondence is being
facsimile transmitted:
Commissioner for Patents, PO Box 1450, Alexandria,

Title: Rapid Diagnostic Method for Distinguishing Allergies and
Infections and Nasal Secretion Collection Unit
Docket No: UF-15IB-D4

To: The Assistant Commissioner for Patents

PRELIMINARY AMENDMENT UNDER 37 CFR 1.115

Dear Sir:

Please amend this application as follows:

In the specification:

Please delete the first paragraph on page one of the specification (lines 8 through 11) and replace with the following new paragraph:

"This application is a divisional of application number 09/597,360, which was filed June 19, 2000, which is a continuation in part of PCT application serial number PCT/US99/05751 and application number 09/936,954, filed March 16, 1999, which in turn is a continuation-in-part of application number 08/621,557, filed March 26, 1996 now US Patent 5,910,421, which is a continuation in part of application serial number 08/576,604, filed on December 21, 1995, now abandoned.
